

HEZE 25w 590nm Amber LED Wall Pack, EXTREME-LIFE

The HEZE 25w LED Full Cutoff Wall Pack is a perfect commercial lighting solution for those who need a durable, long-lasting wall pack. HEZE comes standard with a full cutoff design, type V optics, durable die-cast, and gasketed aluminum housing, and is EXTREME-LIFE rated @ 213,000 hours. HEZE is not only attractive in appearance, but in performance too.

Full Cutoff: The full cutoff design of this wall pack helps to meet local lighting ordinances by minimizing light trespass – also making it neighbor and dark-sky friendly.

Turtle and Wildlife Friendly: The energy-efficient monochromatic amber LEDs are turtle and wildlife friendly. Using 590nm amber follows most coastal light regulations.

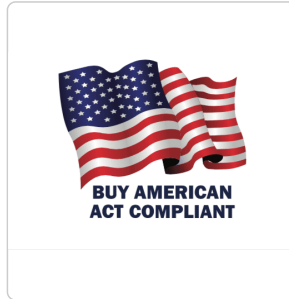

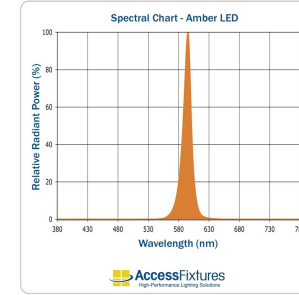

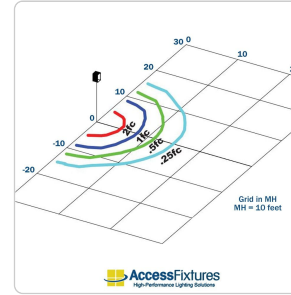

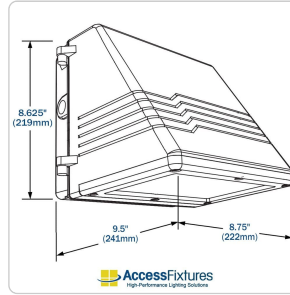

EXTREME-LIFE: EXTREME-LIFE rated L70 @ 196,000 hours means the LEDs still emit 70% of the original lumens after 196,000 hours.
